## Cabinet Mission

The Education Cabinet will be responsible for Boston's education landscape and tasked with crafting and executing an education agenda for the City. From early childhood education, to kindergarten, to junior high, to higher learning institutions, to educations for seniors. The cabinet will implement the vision for academic excellence across the City.

# External Funds Projects

## Formula Grants

**Project Mission**

Formula grants are funds received through federal or state programs that provide assistance for educational services for low income, minority, and special needs students. Levels of funding are established through a predetermined formula that considers the amount of legislative appropriation and the number of students eligible for the program. Federal formula grants include the Title I, Title II, and IDEA grants. MCAS support/Academic support is a state formula grant.

## Competitive Grants

**Project Mission**

Competitive grants are funds received through open competition with other school districts and non-profit organizations. The grant providers establish the levels of funding. The use of these funds is determined through local planning, which typically aims to advance local priorities while meeting the funding requirements.

## Reimbursements

**Project Mission**

Reimbursement funds are resources received by the local school districts as compensation for costs incurred by certain programs. Reimbursement programs include the Department of Agriculture’s School Lunch Program and Summer Food Program.

## Revolving Funds and Other Grants

**Project Mission**

Additional resources are received through revolving funds and other grants. These include funds raised through the Boston Education Development Foundation, and the Homeless Student Initiative.

# Boston Public Schools Capital Budget

## Overview

Boston Public Schools is taking the first steps in realizing the vision of BuildBPS, the District's 10-year educational and facilities master plan. BuildBPS will transform the way the District and the City plan, build, and renovate school facilities.

### FY18 Major Initiatives

- Through the BuildBPS 21st Century Fund, every school will choose from among new technology and comfortable, moveable furniture options that promote learner-centric programs, and provide greater flexibility in current and future learning spaces.
- Construction will be completed on the new \$73 million Dearborn STEM 6-12 Academy by mid-year. The school will open to students in September 2018. The City and District have partnered with the MSBA in the development and funding of this new school.
- This summer, 3,000 windows will be replaced at seven schools. This \$29 million project is funded in partnership with the MSBA.
- The City will submit a preferred option to the MSBA this year for the Boston Arts Academy project and, if accepted, will begin final design on the selected option.
- The Mattapan Early Elementary School will open in September. The building will be refurbished this summer in advance of the opening.
- BPS will continue the 5 year plan to upgrade technology infrastructure across the District in support of 21st century learning.
